## FLAME AMPLIFIER

### UV / FR / PR ( Flame Amplifier )

[Download Catalogue](#)
[Request a Quote](#)

#### FLAME APLIFIER:

FLAME EYE (FE-01) is a flame detector, which is sensitive to visible light. This used CDS ( cadmium Sulphate) photo resistor as light sensing device. This is suitable for sensing flame in oil fired burners. Amplifier has two potential free relay contacts rated at 230 V AC, 5 Amps.

### *Our Products Range :-*

- » Burner / Sequence Controllers
- » UV Sensor and Amplifiers
- » Flame Rod Amplifier
- » Burner Controllers
- » Flame Sensors
- » Flame Amplifier
- » Ignition Transformer

#### Reach Us -

307, Vikrant Industrial Estate,  
Govandi Post Office Road, Deonar,  
Mumbai - 400 088, Maharashtra,  
India

**Tel. :** 2551 2534

**Telefax :** (022) 2557 6002
